Names: Luiza Santiago Tertuliano, Harshala Santosh, Michael Shane, Justin Supe, Mark Rodriguez
Project Deliverables 2-

1- What is the project timeline (expected tasks and their estimated duration)? You need
to make sure that your time management meets the deadline for your final presentations with some buffer.

Week

Oct 1-7 Design/ Theme elements

Oct 8-14 Forums Page

Oct 15-21 Anonymous Q/A page

Oct 22-28 Profile creation

Oct 29-Nov 4 Calendar

Nov 5-11 Calendar

Nov 12-18 Texting/matching Feature

Nov 19-25 Texting/matching

Nov 26- Dec 2 Private story beta

Dec 3-7 Revise everything

2- What are the potential risks of your project?
     What do you predict as potential challenges that may face your project?

Privacy with respect to uploaded images.

Unauthentic connections (outside NJIT)

Not knowing the way to code things properly

Making it look nice and interactive

Storage of data provided by the user

Adding a notification bar with respect to the calendar.

Editing data if and when updated by the user (example: profile picture)

3- Provide an imagined drawing/ sketch of how you envision the user interface of your website/app. This will help you build a foundation for your conceptual design later.

Inspiration = Yubo
